Marshfield Ave., Chicago, Ills., writes: "I was shopping in a very warm store and rode home on the front of a car in the damp night air, and caught a severe cold. This settled in my throat, caused a hacking cough, tickling and sore-ness of throat, and I could not speak for hoarseness. I became alarmed, and my husband then bought a 25c. bottle of Dr. Bull's Cough Syrup. I took the syrup as directed and obtained immediate relief. I used the bottle and it it checked the tickling, hacking cough, and one more bottle cured me entirely.
